Message from the East

Dear Brethren,

This year has definitely passed very quickly. I remember last December when I spoke about my RENEWAL project we were going to begin to renew the Lodge not just the building but also our ritual work and ourselves. Three very hard things to do. We have accomplished a lot. The physical building had some tremendous work. It was very much a team effort and very well done. We now have light switches that work and we have "further" light.

We have improved very much indeed with our ritual work. The last degree which we put on for our EA's was a splendid Fellow Craft degree. I heard many comment about it being one of the best degrees put on in the lodge for a long time. I want to congratulate all the officers for a job well done. I also want to thank Brother Clay Gordon for his splendid lecture, Brother Clay you are a treasure.

I want to thank all the officers and organizers of the Lobsterfest, it was a great success. The Lodge raised over \$1500 and we had a great time. Many positive comment were extended to me by the people who attended. Let us hope that this will set the bar for the future.

Finally I want to say that the hardest part for me was the renewal of my-self as a person. This is and was the most difficult task for me this year. I have had to learn new lessons in circumscribing my desires and keeping my passions within new bounds. I have learned new lessons in respect and brotherhood.

Thanks my Brothers for a great year,

Harvey M Good WM

Message from the West

Wisdom of wishing to understand people.

Wisdom is being true to our inner self, thus bringing harmony and peace into our lives. Wisdom is also honoring people and caring about their rights. It is reflected in the courtesy with which we treat others. We can better understand people by simply listening to them and their needs.

7 Keys To Better Listening

1. Listening is NOT a passive activity!
2. Listen for unspoken fears, concerns, moods, and aspirations.
3. Good listening requires great wisdom.
4. Listen to others with respect and validation.
5. Listen without thinking about how you're going to respond.
6. Listen for tell-tale signs of impending trouble.
7. Listen with positive regard for people's strengths & abilities.

Based on this topic, I will be looking forward to hearing from each one of you and listening to all of your goals and activities you would like to see it be part of 2012 Palmwood Lodge program.

Looking forward to seeing you at our next Lodge meeting.

Fraternally,

Your Senior Warden, Albert Mazmanian

Message from the South

Intangibles

In previous months I have attempted to spell out the hidden assets of Masonry. The intangible attributes which we emphasize and claim are the real reasons we are different. Responsibility, Integrity, Character and Honor (RICH) are the major traits and tenets of Freemasonry. We do not have a monopoly on living our lives in this manner. We do however know what the catalyst is to make these benefits work. The glue to keep them all together and their success assured. In a word it is Attitude. We don't believe these are entitlements; they are rather gifts which must be appreciated. They are not to be flaunted or used to taunt non-masons, but shown, by example how they are to be used in day to day life. We live in a world of "low profile" and often get comments such as: "I don't know what it is about you and other Masons, but there is something different about you."

So long as we maintain the proper attitude in our lives and don't succumb to the media and television's attitude of "Do whatever you want and don't worry about the other guy", we will always be recognized as men who are different and as such can make a difference.

Please don't lose the Masonic attitude. Remember, Having the right answer is not enough; we must have the commitment, intention and compassion for all of mankind, especially Brother Masons.

Sincerely & Fraternaly,

Bob Kenny, JW
